EGEM METAL

"TRUST ADDRESS"

EGEM METAL was established on 05.07.2005 in the city of Izmir, which is located at the intersection of road, air and sea routes and has strong industrial and urban infrastructure opportunities supported by industrial zones and free zones.

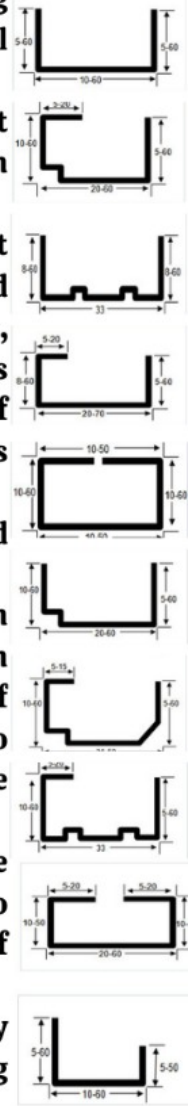

EGEM METAL continues on its way with a company policy that does not compromise on quality in order not to damage the trust it has gained with trouble-free service.

In addition to being a reliable supplier in the production of reinforcement sheet profiles we have started to offer galvanized, dkp, hrp, black and painted sheet metal, octagonal drum pipes of all sizes and thicknesses, length cutting, trapezoidal sheet, sheet slitting processes to our customers in the requested type, size and quality; by expanding the wide range of products and services we offer with our experience of more than 30 years in the trade life and our superior service and quality understanding; EGEM METAL will be your third hand. We invite you to move forward together.

Our MISSION is to serve you the best service and quality by a team with more than 30 years of experience in trade. with honesty and loyalty. In addition, as an innovative company, it is to continue our understanding of service development, which is in the interests of our customers, and to lead the development by offering sustainable, innovative and responsible solutions.

In addition to our developing new service and product range; We respectfully remind you once again that we, as EGEM METAL, are ready to be your "TRUST ADDRESS" for both product selection and all kinds of service requests you need.

Our VISION is to offer you quality and service on the basis of our company culture based on honesty, keeping customer satisfaction by prioritizing and to be a leader in the sector.
